

# CORAZÓN LASTIMADO

## HEALING THE WOUNDED HEART

A statewide survivor-led art project and exhibition focused on highlighting the voices of Latinx survivors of sexual violence in an effort to bring attention to those experiences that have been left out of our conversations about sexual violence.

### Do you want to share your art/artistry?

This exhibit offers visual testimony to the impact of sexual violence in our lives. We want you to participate. Encourage your community to get involved through art. Contact us to make your heart today. Your identity will be kept confidential.
