4 tickets

Ally: \$250

Your name/logo listed and promoted online and at event.

2 tickets

One voucher lets you attend one of our public professional development workshops at no additional cost.

The Alliance's sexual assault victim advocates and coalition of nine community based sexual assault crisis programs support survivors of all ages throughout our state with trauma informed and victim centered services, free of charge and with no waiting list. Each program provides 24/7 hotlines, short-term crisis counseling and support groups, and accompaniment to hospitals, courts and police stations. Advocates help survivors understand their options and navigate complex medical and criminal justice systems so survivors can make decisions that work best for them. Last fiscal year, The Alliance and our member programs provided services to over 7,000 child, adolescent and adult victims of sexual assault and their loved ones.

The Alliance is also a leader in providing training to professionals and first responders to improve the response to and prevention of sexual assault in communities throughout the state. Each year we reach over 60,000 Connecticut residents through prevention education and awareness programs that challenge the behaviors and attitudes that perpetuate sexual violence.

The Alliance is a well-known driver of policies that promote compassionate responses to sexual assault victims and offender accountability. Our public policy efforts have successfully led to the passage of laws to: prevent sexual violence on college campuses, ensure K-12 sexual assault prevention education programs in all of CT's schools, criminalize acts of stalking, as well as identify and test over 800 untested sexual assault evidence collection kits.

Please join us in our work to support survivors and end sexual violence!
